

### GLADIATORS

- We had chance to talk to American football player Sam Casey. He was a really nice time. He is an American import and now he plays in gymnasia gladiators, we could ask my questions we want. He I need chance and ask about "What I would like to know".
- Sam was really friendly. He told us about America and how do they live there. We think that everyone enjoys the time with him. We even try his jersey and his helmet. We hope we could see him play.

### Review

Last week on Thursday we had chance to see one of the American football players Sam Casey. He ~~for~~ told us about his family and where he lives, ~~then~~ he also compared America to Czech Republic. We had chance to ask questions like <sup>in week</sup> How many times does he train or what is his favorite food. We also had chance to try on the helmet and the protectors. It was interesting; I enjoyed it, even my friends did.
